Do these terms ring a bell and induce a churn in the stomach.. If yes ..then you are on the right ship.. The hunt is about to begin .. Gear up and fasten your belts to a mind boggling search for Enigmas thrown at you

You're probably wondering what's in it for you...and that's a good question. Why would you embark on an insanely foolish adventure, plumbing the depths of my devious, often obscure imagination, unless you get something at the end for all of your work? Well, isn't it enough just to have the satisfaction of a job well done? Do you really need anything else?

FMS- Serveskriti 2009 presents: **DECODE THE ENIGMA**

It's an online treasure hunt designed to pit your wits and intelligence against your competitors.

For this you don't need particular notable facets of the treasure hunter including iconic look (bullwhip, fedora, and leather jacket), wry sense of humor, deep knowledge of many ancient civilizations and languages, and fear of snakes.

You just need logical thinking and analytical skills to crack it.. and for the motivation part here's our contribution.

“ We are all inventors, each sailing out on a voyage of discovery, guided each by a private chart, of which there is no duplicate. The world is all gates, all opportunities.”

- Ralph Waldo Emerson
